

What worries me the most is sexual assault

Tajda Golubović

What is SA?

Sexual assault is sexual contact or behaviour that occurs without explicit consent of the victim.

Victims

- 1 in 3 women have experienced sa
- 16%-23% of European women (age 15-49)
- 1 in 20 women have experienced rape from the age 15 and older
- 6% of women have experienced sa at least 6 times

NO MEANS NO.

What makes me angry the most.

- society
- injustice
- "She looked like she was enjoying it."

The damage

- huge emotional damage
- physical damage
- it also has an impact on relationships

No daughter/son should have to text their parent "I have something to tell you, but you have to promise you won't blame me."
